

**AN EDUCATIONAL STUDY PROVING
THAT CRIME IN THE WEST
AFFECTED THE GREENLAND
SHARK**

Carmen M. Cusack

Research proposes that the Greenland shark is affected by a country in the Western Hemisphere. Research shows that a loss was experienced and remedied when members of a coup died. In this research, the Introduction presents the issue. Section Two outlines rules. Section Three presents scientific findings in a mixed method format adopted to suit *Journal of Law and Social Deviance*. It presents field research, observations about constructs and narratives hinging on counter social drug communication, and explanations about the War on Drugs and War on Terror. Section Four explains how students can present this information using dialogue and other forms of expression. Section Five concludes. It answers questions about why

Cusack

inauthenticity was allowed to prevail leading to restrictions being placed on Greenland sharks and how poor actors can be replaced to sustain the economy.
